

Lloydminster Agricultural Exhibition Association Ltd.
Covid Protocol Requirements
May 15 – 16, 2021

1. Contact Tracing – EACH DAY you will need a full list of EVERYONE who attends your event, whether they are a competitor, a volunteer, a paid contractor (ie. judge) or a spectator. You are responsible for this documentation. The only information that needs to be recorded is each person's name and a contact phone number.

2. Masks – Masks are **MANDATORY** in the Lloydminster Exhibition buildings, as per Saskatchewan Health Authority regulations.

In order for the event to be held, masks must be worn at all times while in the barn.

- The **ONLY** exception to this is inside the show pen DURING competition or the looping pen. The individual competing may remove their mask AFTER entering the pens, not before. They must replace their mask BEFORE exiting the pens, not after.
- The judge & herd help do not need to wear masks in the ring.

3. Social Distancing – In cases where exhibitors may congregate outside of the buildings while on the Exhibition Grounds, masks must be worn if a 6' distance cannot be maintained.

We truly thank you for communicating these few rule changes to your participants and spectators and for helping the Lloydminster Exhibition to continue holding events in these very trying times.

We will have night security personnel on staff for Friday and Saturday nights to monitor the barns.
